56-0610 – PERFECTION

26...ED...God is endless, like Eternity. You can never find the corner of a perfect circle. You could run and run through ages, and Eternity, and there'd never, never, never be an end to it. And that's the way God is.

Not Doctrinally referred to as Heaven

- Absolute Eternity – Circle
- No Beginning – No Ending
- Reality only in The Mind of Elohim
- Time is an Interval of Eternity
- Forever as a Period of Time – Has Beginning and Ending
- Eternity made-up of Infinite Forever

And the Light was kind of a, more of a green, between green and yellow, shining on the floor. And coming walking through this Light, came a Man that looked like, as I said before, would weigh two hundred pounds, a huge Man. He did not have beard over His face, like Christ's picture does.

GENESIS 1:1 In the beginning God created the heaven and the earth. 2 And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters. 3 And God said, **Let there be light: and there was light.**

Genesis 1:1 is before the beginning of Adam.

- **Genesis 1:1** is called before the beginning.
- This is before the beginning of the heavens and the earth.

- **PROVERBS 8:21** That I may cause those that love me to inherit substance; and I will fill their treasures. 22 The LORD possessed me in the beginning of his way, before his works of old. 23 I was set up from everlasting, from the beginning, or ever the earth was.

- **This before the beginning of the earth.**

- **John 1:1** In the beginning was the Word, and the Word was with God, and the Word was God.
- And the beginning before the beginning of the Son of God is John 1:1.
- That's when God came into the *form of Logos.*
- *You have God in a form of the Word body.*

41 And then that how that He was standing there; and He, in His mind He begin to think of what the world would be and drew all this, pictured in His mind. And He said, "Let there be light."

And a atom split and begin to break forward, and a atomic went off, the first atomic explosion. And then them atoms begin to accumulate till it made into cinders, as the moisture, ever what it was, begin to break, and the atoms split. And after while, there came a star, or a piece of the--a missile that flew off and went sailing through the air. He watched it maybe for a few million years, and then stopped it. ...ed...

- ◆ **John 1:1** is Logos unexpressed and **Proverbs 8:22**, the Son of God there is another logos expressed in measure.
- ◆ His first expression is to express God.
- ◆ So, the Pillar of Fire don't express God.
- ◆ The first expression of logos is God.
- ◆ In the beginning was the Word," that's God in creation, the first form of creation.

- So, before **Genesis 1**, 'let there be light'
- The first light that was created was the Pillar of Fire.
- **PSALMS 104:2** Who coverest thyself with light as with a garment: who stretchest out the heavens like a curtain:
- God is making His body. A garment is what you cover yourself with, a body, right?

God is making His body. A garment is what you cover yourself with, a body, right? So therefore, the Pillar of Fire becomes His covering.

Now, if He covers Himself with light. Is it a light of the sun? No. When you say, "God is light," God was always light in a sense of enlightenment and knowledge and so forth. But light as, that will have a manifestation to our senses in a material world, God was not that until He created the Pillar of Fire.

And that was not an actual creation of anything, but a part of God now, to be called part of God, like a body is a part of a man.

So, the Pillar of Fire is not a Being. The Pillar of Fire is a clothing for the Being and becomes part of Him. Just like Adam was the being. The dust of the earth he was clothed in is part of him now, but it's not him.

- ◆ So even though His nature is Light, in eternity, there was no light there.
- ◆ To have light is to have waves. And to have waves, in the waves is particle. And they operate under two different laws.
- ◆ So, this law that created the Pillar of Fire body, that's a material that did not come from the atoms splitting. All material in the universe come from that one atom splitting.

26 Now, "No man has seen the Father at any time." No man can see God in the bodily form, because God is not in body form; God is a Spirit. See? All right. "No man has seen the Father, but the only begotten of the Father hath declared Him," I John... See? Now, but notice now, there's nothing; there's just space. There's no light; there's no dark; there's no nothing; it's just seems nothing.

But in there is a great supernatural Being, Jehovah God, Who covered all space of all places at all times.

He was from everlasting from everlasting; He is the beginning of creation. That's God. Can't see nothing, can't hear nothing, not a move of an atom in the air, not nothing, not no air, no nothing, but yet God was there. That was God.

- He had to create a condition or a field, just like He created a dimension here, to have matter, because He cannot reveal Himself even in this invisible form.
- Dimensions were created.
- Even in this form, He cannot do it because He needs a material world for manifestation because God is known by what? Characteristics.
- Nothing is there. And therefore, He creates what we call a heavenly Higgs field.

Before the atom could split, what God had to do was to create the atom. But if you create an atom that has matter, made up of matter, what stops the matter, what stops it from traveling at the speed of light? No, not gravity; Higgs field. So, what God did, God created a field in the spiritual, not a gravitational field, but called a Higgs field.

And the Higgs field is an invisible field that is made, that operates in the natural and spiritual laws. Higgs field effect natural and spiritual laws.

So, in the Higgs field, there are laws in there that can operate on heavenly bodies, that is bodies that are not created from the atom splitting;

It's created from the atom that's split to make the Pillar of Fire body. Spiritual chart or material.

And it is in this Higgs field that things are given mass.

So, the Higgs field and the Higgs boson, it gives particles mass. And if it wasn't for that, everything that's created would travel at the speed of light. There would be nothing stationary.

And therefore, there must be a field that the Pillar of Fire operates in. And according to your body, your makeup of your body, the Pillar of Fire body will operate in the Higgs field differently.

- The Son of God body will operate in the Higgs field differently. Because there are different kinds of bodies.
- The angelic body will operate in the Higgs field differently. Because the interaction is based on the material you're made up of.

- If you have a natural body, you will be in the dimension of light, matter and time. If you have a soul body that's been redeemed, you're going to a different dimension in the Higgs field, because your certain body will give you access to that.
- If you have the wrong body, you can't go to that dimension. So, the Higgs field has a boundary.
- And in that boundary only certain kinds of bodies can enter into a certain dimension because your body gives you your limit.
