Law of Entanglement between Father and Son

**1 JOHN 5:7** For there are three that bear testimony in heaven, the Father, the Word, and the Holy Spirit, and these three are one.

- **8<sup>TH</sup> DIMENSION** - 8<sup>th</sup> dimension is infinity Aleph  $\infty$
- There is no time, no matter, no space. Aleph0 infinite
- You say God [Elohim] is there [yes] but if He is Self-Existing then He must be able to exist without time, without matter and without space because all of these are conditions.
- He doesn't need space to exist neither does He need time and neither does He need the matter, just like He doesn't need oxygen even though oxygen was made after that. He doesn't need food; he is self sustaining.
- This Being existed and He needed to Feel alive.

- We do know that we can label Absolute Eternity as aleph nought, and we also know that in there is a Being. He's an eternal one. We call Him The Eternal One, and when we say eternity here, that's an absolute. When we say Eternal One, we mean not because of condition, but because of substance. He's eternal because of substance, and He's Eternal One, and there is no one with Him. He's the only.
- There's the Eternal One, and there is only Him, a Supernatural Being. And you say, well what kind of Being is He? He's a Being that we can say He is energy.
- What kind of energy? Well, energy that's never been created. It's a self-sustaining energy. Not even the sun is self-sustaining. There's nothing that is self-sustaining

37 Now, when we were made, if--when we were made. And they just found out, recently, that your body is full of light. X-ray proves that. The x-ray does not have any light of its own. It's your light that it uses. You're born with four rays. After a little while, say twenty, twenty-five, one ray goes out; and thirty-five, another; or forty, another one goes out; and finally when you get pass about sixty-five, you're living on your last ray. And every time you take a x-ray picture, you're tearing them rays down. That's the reason you don't have no more... and you stick these kids' feet in them machines, because it was just tearing the rays right out of their little bodies. And that's cosmic light that's in you, that you're made up, full of light cells. Now, that's cosmic light.

A-L-E-P-H. Aleph is the first letter in Hebrew, Aleph. Right, that's how they're represented, by this kind of an N,  $\aleph_0$  - He is the sum of all infinities is Him, and the state of this being dwells in a dimension that we label 8<sup>th</sup>.

There's no way to find the number 8<sup>th</sup>, but we do it because we see the condescending from something brings us to the 7<sup>th</sup>.

Now, this environment that He lives in, is called eternity, but it's not a being, it's a condition. It's a place that has a certain condition. And that is called Aleph zero. This is Aleph infinity. This is Aleph zero. It's a lesser form of infinity, undefined, but it can't be Him because He is not a condition, He is a being. Because of Him, this exists, the environment that He is.

8<sup>th</sup> dimension with the mathematical formula of Aleph infinity. God, the substance of God, is Aleph infinity, the first letter in the Hebrew alphabet, Aleph infinity.

And then because He exists, there's a field that exists with Him. And that field which we know as the 8<sup>th</sup> dimension, not the person, the dimension that He is in, becomes Aleph zero.

That kind of eternity here is different from the 7<sup>th</sup> dimension which we call eternal.

We would believe that this Being created the environment that He would be comfortable in.

490 Now, if you think it's wonderful when we drive hundreds of miles to set here and feed on His Word, which this is only a shadow, what will it be when we live in the City with Him! When I live next-door neighbor to you, and when we eat of those trees, and we will walk in those streets, when we walk up those streets of gold to the fountain, drink from the fountain, walk into the paradises of God, with Angels hovering the earth, singing the anthems, oh, what a Day that will be! It's worth all. The road seems rugged, sometimes it gets hard, but, oh, it'll be so little when I see Him, so little. What will the bad names and things that they've said, what will that be when I see Him in that beautiful, beautiful City of God?

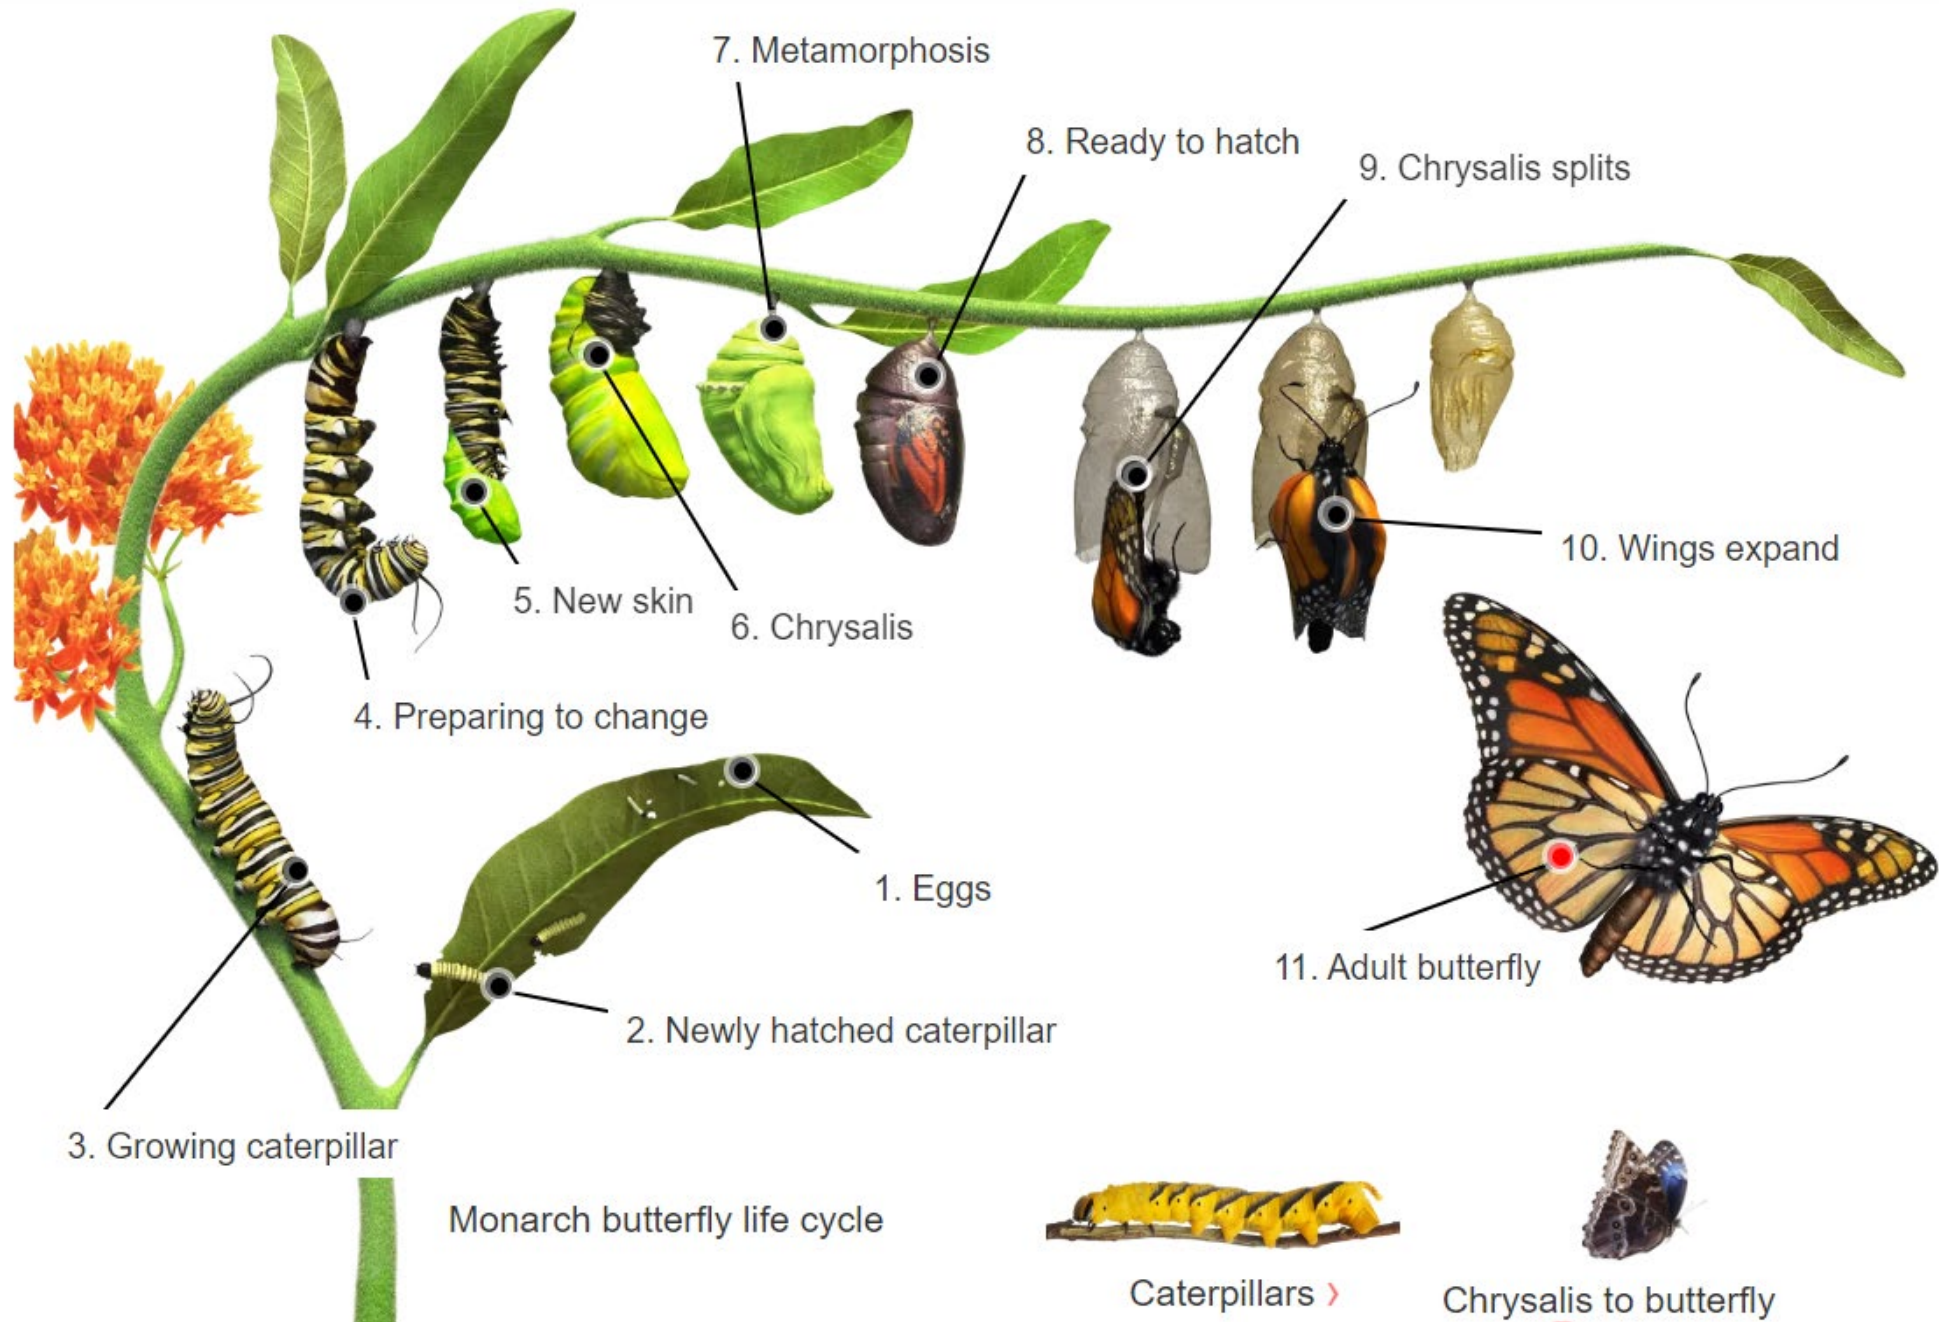

In the 8<sup>th</sup> dimension there is a supernatural being - possess eternal life, the source of eternal life.

He is the source of eternal life and is the source of all life. Not just not only eternal life, but from Him, comes botany life and all other life. You can begin to see that all other life is a product of creation, whereas eternal life is a product of nothing. It never did begin, never did start.

So then created means everything that is not Zoe is a created life and therefore has perpetual life, but not eternal life.

So, in the 8<sup>th</sup> dimension, you have eternal life, and **THIS**  
**ETERNAL LIFE IS A LIFE THAT IS PURPOSE DRIVEN.**

- God is purpose driven then God doesn't produce anything outside of His own nature. The purpose that God has for everything or even that which He permits is connected to love, to agape.
- To love or agape God is to acknowledge the one God and His purpose. The First Commandment is connected with loving God, in the sense that you love His purpose, because you can never see Him, you love His purpose.
- His purpose is a family.
- His purpose his children, with criteria, that they will be in His image, character.
- His purpose is to have a kingdom order, for people to have wisdom and experience.

- This is His purpose. So, the permitting of Lucifer to use the serpent was designed to be part of God's schooling. And to do that, for it to end up with a wrong driven purpose life, God had to create Lucifer in a special way, a special design. If He did not, then there's no school.
- That was the spirit part of Lucifer. Then for that to become tangible because he's a spirit, for it to become tangible.
- In a tangible world of where there is pain and pleasure, happiness and discontentment and all of that, God had to create an entrance for that because he couldn't create Adam with any lack in that sense.

- He had to create a specially designed earthly creature we call the serpent and today you will know that he's not fully animal nor he's fully man.
- He specially designed in between the animal world and the kingdom of man.
- He was a unique without any belonging of a place. He would have been on the animal chart as something unique. That's why it says he was a different kind of creation.
- He's more subtle than all the beasts of the fields that the Lord God had made. What that tells me he's special.

- And then for that to become part of the human race, God had to make a specially designed female from every other female.
- Now for a sister, if you cannot believe that you are specially designed to be deceived , specially designed to be moved with senses and voices and touch and so forth, then you haven't accepted the creation that God has spent for you .
- He designed it that way for you to always have a need to be under the wings of a man. Today that's opposite in the world is for you never to be under the shadow of a man, to be a strong independent

It's completely contrary because what has made the difference is Science. Science has contributed because long ago a woman couldn't go out there and pick up gravel in a shovel and throw it and it just wouldn't work because there were no hormones in their food yet, no steroids for them to take to build up and who was going to let them into a man's gym. A man didn't need a gym many years ago because everything he did had to be labour. He had to walk, he had to go pick up this from the yard... but today you don't have to do that because today a woman could get a job in a construction field because you don't have to go pick up gravel anymore, you just get on a tractor or a backhoe and know how to operate it with these things and women can do that.

Technology has made, instead of having a pickaxe and having to crack the asphalt open, now they got a drill. All they have to do is hold that drill and they can do that. Technology has made what the man only could do, technology has made it even that a woman can do most all of it and that empowers them.

Satan through technology and through hormones and steroids...some of the woman today just need to punch a man and he'll go down... So now it has been made even because a woman can protect herself because she can use a gun. They have all different sizes of gun, and they got gun range and gun training. So, they're walking around, they don't need a man because they got a gun.

It's got all this technology in their home; they can live as a single woman not be afraid because they got all the alarm systems and everything. So that just shows that the less they need a man for the things that God ordained the man for, it means the less they need God.

- The second thing we know is that this being has a mind and there is absolute intelligence. That definition is what we want to use as omniscient. Therefore, any creation that is going to be, He had to know about it because it can't exist without Him and He had to know how it works and what is made up because He is the one who must make it up.
- He set up everything that comes from Him, knows about Him. There is an intelligence in everything that He creates that can respond back to Him. Notice the word "respond", I'm trying to use the word "respond", it can communicate to Him, He can communicate to it, and it can communicate to Him. A dog communicates to Him and He can communicate to the dog.

- Everything He knows, even when it says, like Paul born out of season. It's out of season but not for Him because He knows the perfect will of what should be done, and He also knows the permissive will that you might want to step into. He knows.
- So even your permissive will is not actually permissive. He is permitting your permissive because His perfect will is that you learn from experience . If you go in a permissive and you learn from that, then He knows that was a lesson that needed to be taught because you do some suffering in your permissive will. See, He don't change His mind about His Word. It seems like He changed

- See we must take away mistakes, there is no such thing as a mistake with God.
- There is no such thing that an accident happened because somebody got in an accident and was killed, we call it an accident. We call it an accident, but it's not an accident with God.
- He knew it was going to happen, He could stop it or not stop it but according to His will, there is a purpose if that person died, that child died in an accident or something or horrible things happened.

In the 8th dimension Elohim thought about the laws to operate and govern everything created.

This law of particle physics, He already has a spiritual law to match that because you must have a natural to balance the spiritual. Is that right?

So, He already has all the laws.

We are just learning that all things are by laws.

Supernatural doesn't operate haphazardly.

The supernatural uses laws. Just like the natural operate by laws, the supernatural operate by laws.

And when you catch those laws and you know the law of motion, brother, you can count your billion dollars that this object will roll without resistance and never stop rolling if there is no resistance or force acting on it.

It's the same thing in the supernatural.

People want the supernatural without understanding.

This is not the age for that.

This is the age of adoption.

This is the mind age.

This is the intelligence age.

They have artificial intelligence.

We have God's super intelligence.

It's not the day to be Pentecostal stupid that the more you shout at the demon, the more frightened it becomes.

The more you jump up and sweat, the more you'll get something spiritual. The days of that is done.

One of the greatest laws is law of faith.

The law of faith, or in contrast, Satan's law of doubt.

- The Word is here and there is no Theophany yet because only when He gets the material to clothe Himself, now He has a Theophany.
- So the pillar of fire, is now housing the Father, who is called the Word.
- He is the one, the energy and Spirit to bring the Word from wave to particle.
- The Theophany is the body of the one God,
- who you can say is the Father,
- who you can say is the Word,
- who you can say is the Holy Spirit.
- There is no Son here yet.

**HEBREWS 11:2** For by it the elders obtained a good report. 3 Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which appeared.

**HEBREWS 11:3** Through faith we understand that the worlds were framed by the word of God, (RHEMA)

THE SPOKEN WORD CREATION OF AN ALPHA ATOM. AN ATOM not out of pre-existent matter, but out of nothing.

These words were not were not eternal, nor did they produce themselves, but they were made by A CREATOR.

2. That the Maker of the worlds is CREATOR; HE is the Maker of all things; and whoever is so must be GOD.

5. that he world was thus framed out of nothing, out of no pre-existent matter,

This is the 8<sup>th</sup>. He's condescending, but He condescends in His mind now, He only has the Logos thought, which is just the part that He wants to play, which is called the Book of Redemption.

The 7<sup>th</sup> seal Book of Redemption. That's what it is there in His mind because the Book of Redemption starts with Alpha and Omega, the Creator with His creation, the Fall and the Redemption to bring back.

So, this great Being has a mind. In His mind He has this plan. What is this Being? He is energy here because this energy will kill.

Nothing could stand this energy. He had to create a clothing like the astronauts.

Astronauts have a clothing to protect them from the elements outside. Now, believe it or not, there is also that they also are being clothed because they can do much harm to the environment out there, because they are carrying pathogens and different diseases, and that's how they wiped out a lot of the Indians, white men coming over with communicable diseases that the Indians didn't have any immunity to.

God put on a suit He built that could stand His energy and it's called the pillar of fire and that's where all the way through the Bible, men could not stand in the presence of God.

Two reasons He veils himself. One to protect the people and second to use different veils to hide Himself and reveal to whomsoever He wills.

This is the Being, this is His mind, He is made up of energy. He condescends that, in there is a nature and these natures are made up like the stature of a perfect man with the qualities. And exactly how He is here, He's going to make people like us in the 7<sup>th</sup>, from the 7<sup>th</sup>. Let us make man in our image.

**THE LAW OF ENTANGLEMENT**, often referred to as the principle of quantum entanglement, is a fundamental concept in the field of quantum mechanics.

It describes a phenomenon where two or more particles become correlated or linked in such a way that the state of one particle instantly influences the state of another, regardless of the distance separating them.

This concept challenges our classical intuition and has profound implications for our understanding of the quantum world. Here's an explanation of the key principles of the law of entanglement:

In summary, the law of entanglement is a fundamental concept in quantum mechanics that describes the phenomenon where the quantum states of particles become correlated in such a way that the measurement of one particle can instantaneously affect the state of another, regardless of the distance between them.

It challenges classical intuitions about the nature of physical reality and plays a crucial role in the development of quantum technologies.

## • LAW OF ENTANGLEMENT

- It means if you come from the same mother and father your entangled .
- That's why your called Brothers your from the same family.
- In the quantum world two particles can be miles away but they are entangled that is what Einstein called spooky action at a distance.

## Entangled Particles:

When two or more particles interact in a way that their quantum states become correlated, they are said to be entangled.

This means that the state of **ONE PARTICLE IS CONNECTED TO THE STATE OF ANOTHER**, even if they are separated by vast distances.

## Quantum Entanglement Experiments:

Numerous experiments have been conducted to test the predictions of quantum entanglement.

These experiments have consistently shown that entangled particles exhibit correlations that cannot be explained by classical physics and are in line with the predictions of quantum mechanics.

Quantum entanglement has practical applications in various fields, including quantum computing, quantum cryptography, and quantum teleportation.

It also raises deep philosophical questions about the nature of reality, the role of measurement in quantum mechanics, and the fundamental structure of the universe.

If God is going to restore, He has restore us back to a language that's in harmony with all creation. God has to restore us with a language that's going to be in harmony-- you'll not have German, certainly you're not going to have English there.

But it's going to be a pure language, and it's going to be a language that is accessible to the minds, to our minds because remember, the **law of entanglement**, when one particle behave a certain way it's reflected in another particle not travelling through space.

It has to be a language that you could speak with thoughts, communicate with thoughts, intelligence of the animals

Then people outside of the city, and we also among them, it has to be a pure language it has to be a universal language, not just the Zoe class but with all of God's creation that's what we call "harmony".

Now we can see His association with the Word. HE IS THE WORD. That is Who He is. THE WORD IN HIS NAME.

In John 1:1 where it says "In the beginning was the Word," the root from which we get our translation for 'Word' is 'Logos' which means 'the thought or concept.' It has the double meaning of 'thought' and 'speech.' Now a 'thought expressed' is a 'word', 'or words.' Isn't that wonderful and beautiful? John says **THE CONCEPT OF GOD WAS EXPRESSED IN JESUS.**

## 162-4 PERGAMEAN.CHURCH.AGE - CHURCH.AGE.BOOK CPT.5

Hebrews 1:1-3, "God, Who at sundry times and in divers manners spake in time past unto the fathers by the prophets, Hath in these last days spoken unto us by His Son, (Logos) Whom He hath appointed heir of all things, by Whom also He made the worlds; Who being the brightness of His glory, and the express image of His Person, and upholding all things by the word of His power, when He had by Himself purged our sins, sat down on the right hand of the Majesty on high."

God became expressed in the person of Jesus Christ. Jesus was the Express Image of God.

**John 1:14, "And the Word was made flesh and dwelt amongst us."**

The very substance of God was made flesh and dwelt amongst us. The great Spirit-God unto Which no man could approach, Which no man had seen or could behold was now tabernacled in flesh and dwelt among men, expressing the fullness of God to men.

John 1:18, "No man hath seen God at any time; the only begotten Son, Which is in the bosom of the Father, He hath declared Him."

God, Who on occasions would manifest His presence by the cloud or pillar of fire that struck fear in the hearts of men; this God, Whose heart characteristics were made known only by revelation of words through the prophets, now became Emmanuel (God with us) declaring Himself.

The word, 'declare,' is taken from the Greek root which we often interpret as exegesis, which means to thoroughly explain and make clear. That is what the Living WORD, Jesus, did. He brought God to us, for He was God.

## 162-4 PERGAMEAN.CHURCH.AGE - CHURCH.AGE.BOOK, CPT.5

He revealed God to us with such perfect clarity that John could say about Him in I John 1:1-3

"That Which was from the beginning, Which we have heard, (Logos means speech) Which we have seen with our eyes, Which we have looked upon, and our hands have handled of the Word of Life;

(For the Life was manifested, and we have seen it, and bear witness, and shew unto you that Eternal Life, Which was with the Father, and was manifested unto us;)

That Which we have seen and heard declare we unto you, that ye also may have fellowship with us: and truly our fellowship is with the Father, and with His Son Jesus Christ."

When God was truly revealed, He was manifested in the flesh. "He that hath seen Me hath seen the Father."

**GOD IS WITH US BIOLOGICAL**

When Jesus was upon earth He said,

"Believest thou not that I am in the Father, and the Father in Me? The words that I speak unto you, I speak not of Myself; but the Father that dwelleth in Me, He doeth the works."

John. 14:10.

Here it is most evidently set forth that the perfect manifestation of God in the Son was by the indwelling Spirit manifesting in Word and works. That is exactly what we have been teaching all along. When the bride will get back to being a Word bride, she will produce the very works that Jesus produced. The Word is God. The Spirit is God. They are all ONE. One cannot work apart from the other. If one truly has the Spirit of God, he will have the Word of God. That is how it was with the prophets. They had the indwelling Spirit of God and the Word came to them. That is how it was with Jesus. In Him was the Spirit without measure and the Word came to Him. (Jesus both began to do and TEACH. My doctrine is not My own, but the Father's That sent Me. Acts 1:1, John. 7:16.)

## 164-3 PERGAMEAN.CHURCH.AGE - CHURCH.AGE.BOOK CPT.5

Remember now, John the Baptist was both the prophet and the messenger of his day. He was filled with the Holy Ghost from his mother's womb. When he was baptizing in Jordan the Word of God (Jesus) came to him. The Word always comes to the truly Spirit-filled. That is the evidence of being filled with the Holy Ghost. That is what Jesus said would be the evidence. He said, "And I will pray the Father and He will send you another Comforter that He may abide with you forever. Even the Spirit of truth, Whom the world cannot receive." Now we know what Truth is.

## 164-3 PERGAMEAN.CHURCH.AGE - CHURCH.AGE.BOOK CPT.5

"Thy Word is Truth."

John 17:17b.

Again in John 8:43,

"Why do ye not understand My speech? even because ye cannot hear My Word."

Did you notice that Jesus said that the world could not receive the Holy Ghost? Well, in this verse I just read, neither could they receive the Word. Why? Because the Spirit and the Word are one, and if you have the Holy Spirit as the prophets, the Word would come to you. You would receive it.

**John 1:14** And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth.

[What Word was made flesh? The living Word, the expressed Word here or this Word? This Word.

**The Word made flesh is God or the Spirit which is called the Word is made flesh.**

Now how is that flesh going to happen?

**He is going to create a blood cell in the womb of Mary that is going to bring forth a body.**

When the baby is born, He is going to take the mind and soul that was here, and He is going to put it here. Now this is the Son. The blood cell that produced the body, the germ and the egg belongs to God. It belongs to Him.

So therefore, He designed the body, He is the Sculptor, designed the body that He wants to dwell in. So, this body is the body of God.']

Since God is known by His characteristics, from a baby that was Jehovah crying in a manger because all the attributes of God is in the body, yet He has not incarnated him yet. And then at the Jordan River now, the Word who is the Spirit of God, comes and dwells in him. That's the Word made flesh, not him made flesh.

Second, the Word here is a Being. That's God the Being, called the Word...called Father, called Jehovah, whatever, He's called the Word. Now watch carefully.

Now this Word, in it, has doctrines for all ages. Let's say there was a period of time for the doctrine to manifest in the days of Moses.

There is a message for a man named Moses.

Moses is born because his genealogy started back here with Adam, and it flows and flows and flows and a man named Moses comes up as a gene. And then when Moses manifests on the earth there is a promised word waiting for him.

# 50-0815 WHO.IS.GOD, CLEVELAND.OH TUES

E-18...

I can see Him speak to this world hanging there as an icicle, whatever it was, way away. And He moved it over here. I can see this little Light go out.

Now, we got two now. The Father, and out of the Father came the Light, the Son.

67 No, we could have got... get any continuity amongst medics, amongst scientists, different ones.

If Einstein had only had the spiritual application, as he had the--the physical application, as he studied the laws of light, and so forth, he could have told us something. **WHEN I HEARD HIS MESSAGE ON THAT GREAT CENTER SOMEWHERE INTO THE SKIES**, that, "Ever contacted with that center, you could create earths, do anything, and the power would be unlimited." See? He had seen that.

## 65-0822M - CHRIST IS REVEALED IN HIS OWN WORD

67...ED...If Einstein had only had the spiritual application, as he had the physical application, as he studied the laws of light, and so forth, he could have told us something.

*[Notice, "as he studied the laws of" what? Light.*

*Now, why would he choose light? Look how perfect that prophet is.*

*Light was the first entity that man studied and came to the conclusion that it exists in two forms.*

*Light is a particle, material, and light is a wave.*

*One thing behaves in two different ways.]*

When I heard his message on that great center somewhere into the skies

*[Now, what does he mean the great center?*

*He believes that there is a singularity, which means a point of where creation started.*

*It's called singularity. A point where creation started, which means, if you believe in that point, you believe that something started everything.*

*And that's what the Prophet taught us. It started with an atom. Here, in a natural, and here in a spiritual.]*

**65-0822M - CHRIST IS REVEALED IN HIS OWN WORD**

67...ED... When I heard his message on that great center somewhere into the skies, that, "Ever contacted with that center, you could create earths, do anything, and the power would be unlimited."

[If we can come back to this point here, because when you come to this point here, you have to believe, where did the atom come from? Where did that single point start from? It had to start from God.

And that's what Brother Branham said, Einstein believed, that after you go all the way back, you have to come to a conclusion, that there is a Creator.

And that's where that brought all of these things I'm doing, it brings us back to God.

And that's the first fold purpose, God wanted to have pre-eminence or condescend in Christ.

So first you've got to bring Him down, because He's not God here, and that's what we've been doing, bringing Him down as He condescends.

68 **YOU SEE THESE LITTLE POCKETS GOING THROUGH THE AIR**, they call "saucers," so forth. People so... That, well, we better leave that alone. "Hear all these people come up missing?" you say. Don't hear from them; they're standing there, and they're not there.

**THAT'S THE WAY THE RAPTURE IS GOING TO BE.**

**ONE OF THEM WILL DROP RIGHT DOWN, AND THIS TERRESTRIAL BODY WILL TAKE ON A CELESTIAL BODY. AND THEY'LL BE... HIDE, HAIR, OR BONES LEFT; it'll be transformed in a moment of time, dropping right out of space and taking Home that.** We see all this going on now, and the--and the Pentagon wondering about these lights, and mystic lights, and everything they're seeing in the--in the sky. You seen they had one here in the paper at Jeffersonville this week, and so forth, "a mystic light." So, oh, they don't know what that is. **BUT LISTEN, LITTLE CHILDREN, IT'S GOING TO PICK YOU UP, ONE OF THESE DAYS.** See? See? Don't worry.
