67 Now we see the attribute, sons of His Spirit, have not yet entered into the Word-form body. But, a theophany; this body is subject to the Word and earnest, waiting for the earnest, change of the body.

68 Now, the different between Him and you, as a son. See, He was, at the beginning, the Word, an en morphe body. He came in and lived in that, in the Person of Melchisedec.

Then, later, we never heard no more of Melchisedec, because He became Jesus Christ. Melchisedec was the Priest, but He became Jesus Christ.

Now, you by-passed that. Because, in that form,

He knewed all things, and you have never been able to know that yet. You come like Adam, like me, you became from the attribute to the flesh, to be tempted.

But when this life is finished here, "If this earthly tabernacle be dissolved, we have one already waiting." That's where we go; that is the Word. Then we can look back and see what we done. Now we don't understand it.

We have never become the Word; we've just become the flesh-man, not the Word.

51 ..ed... **There was a time that you knew; your mind is darkened to that now.** There's only been one Man on earth that knew that He was before, and that was Jesus. He said, "Glorify Me, Father, with the glory that I had with You before the foundation of the world." He was the incarnate God, He could move back there and know what it was. But our minds are blackened there.

69 But, and look, clearly makes it clear, **you will never be the Word unless you was a thought at the beginning.** That proves the predestination of God. See? You can't be the Word unless you're a thought. You had to be in the thinking, first.

But, you see, in order to stand temptation, you had to bypass the theophany. (Word Body)

You had to come down here in flesh, to be tempted by sin. And then, if you stand, "All the Father hath given Me will come to Me, and I'll raise him up at the last days." See, you had to be first.

The profound mysteries of the Eternal God and the very origins of life. When we look back before the foundation of the world, we find the Great Eternal Spirit, the self-existing Elohim, dwelling alone in absolute eternity.

To truly understand the nature of our Creator and His relationship to us, we must first grasp a monumental theological distinction: God Himself does not possess a soul. We often use religious words loosely, but the Scriptures and the Prophet's teachings are precise. A soul signifies having a beginning, being a creation, or being fathered. To possess a soul means that you are the product of a creator. As the Lord declared in Ezekiel, "**all souls are mine**", precisely because He is the one who created them.

If God possessed a soul, it would mean He had a beginning, that He was created, or that He was fathered by someone else. Furthermore, possessing a soul would place God Himself into the Book of Life to be judged, which is impossible. God has no mother, no father, no beginning of days, and no end of life.

He is the uncreated, self-sustaining energy source. He possesses an omniscient mind and a nature comprised of divine traits, but He exists entirely without a soul. However, this great, self-existing God was lonely.

He had a deep desire for a family and a longing for a unique, intimate relationship. Because He desired to express Himself, to be a Father, a Savior, and a Healer, He began a majestic process of condescension.

God spoke the Word, and from the splitting of a unique, original alpha atom, He brought forth heavenly material and a heavenly field. It is from this divine, heavenly material long before the earthly dust was ever formed that the great mystery of sonship begins.

To start His family, God brought forth His Firstborn. The Son of God became the first being to possess a soul and a mind, and these were formed perfectly from that newly spoken heavenly material. Because the Son's soul and mind were constructed from this heavenly matter, it signifies that the Son had a beginning he was begotten and fathered by God. God brought forth the Son from His own material, giving birth to the first soul, which housed the very gene and life of God.

It is vital to recognize the difference between the Eternal Source and the begotten product.

Because the Son's mind and soul are made of heavenly atoms and material, his capacity is limited compared to the Father. The mind of the Son cannot be fully omniscient because it is constructed of created material, whereas the Father's mind existed before any material was ever formed. Only the Father's uncreated mind can contain absolute omniscience. Yet, this first soul, this glorious Son of God, was endowed with the exact nature and gene of the Father, making him the perfect, expressed image of the invisible God.

PSALM 33:6 ASV By the word of Jehovah were the heavens made, And all the host of them by the breath of his mouth.

The first creation involved a unique atom splitting (identifies as creating "heavenly material"):

THE RESURRECTION OF LAZARUS, 51-0729A

"And then this God become bodilized down to the Logos. I can hear Him say, 'Let there be light.' **And an atom bursted yonder and the sun come into existence, Deity.**"

PSALM 33:6 ASV For he spake, and it was done; He commanded, and it stood fast.

The cosmic expansion and the creation of all heavenly elements were initiated purely by God's spoken command.

THE CRUELTY OF SIN, AND THE PENALTY THAT IT COST TO RID SIN FROM OUR LIVES, 53-0403

"And then that how that He was standing there; and He, in His mind, He begin to think of what the world would be, and drew all this picture in His mind. And He said, 'Let there be light.' And an atom split and begin to break forward, and a atomic went off, **the first atomic explosion.**"

The underlying scriptural law is that God's Word is spirit, life, and energy. The invisible thoughts and energy of God were spoken into existence to create the first waves and particles. When God spoke, His invisible energy and thoughts were channelled into a wave that eventually materialized into the particles and atoms that make up the physical world. **The "alpha atom" (science called it the primeval atom) is the first, unique, and original "seed atom" from which the entire universe both spiritual and physical was formed.** It was not a natural atom as we understand them today, but rather a specially designed source atom that came directly from the Creator. **Every single thing in creation, from the elements on the periodic chart (metals, gases, salts, and acids) to the stars, galaxies, and even our own mortal bodies, ultimately originated from this one unique atom.**

How God Split the Alpha Atom

God split this atom entirely through the supreme authority of His spoken Word. Before the atom could exist or be divided, God first established a channel of communication (the fourth dimension) and an invisible field (the Higgs field) to give the ensuing matter shape, form, and mass. **Once this environment was prepared, God simply spoke the command, "Let there be light." In response to His Voice, the alpha atom appeared, began to whirl, and violently burst apart, initiating the first atomic explosion.**

The Results of the Split: The splitting of the alpha atom set off a massive cosmic chain reaction that unfolded across two distinct realms:

- **The Heavenly Material:** The initial splitting created pure "heavenly material" or spiritual atoms. **God utilized this perfect spiritual substance to clothe Himself in light (the Pillar of Fire), to create the theophany (Word) bodies, to form the bodies of Angels, and to construct the minds and souls of His sons.**

- **The Physical Universe:** In the natural realm, the explosion of the alpha atom produced an immense burst of cosmic light. Over billions of years, as this energy expanded outward and cooled, it transitioned into gases, then acids, and finally coalesced into the solid earthly elements like calcium, potash, and petroleum that eventually formed the solar systems, the earth, and the physical dust of our mortal bodies. This brings the mystery of our own existence into the light. Just as the Firstborn Son was given a soul made from the material of heaven, your soul too is made of that exact same heavenly material. While our outer physical bodies are constructed from the fallen dust and elements of this earthly periodic chart, our true inner man our soul is composed of spiritual atoms from the heavenly realm.

61 ..ed... I think that the people today that are possessed with this Spirit, or the spirit, a part of these angelic beings, spirits which rotated off of God, that never fell in the beginning and resisted the devil's lie in heaven...

Spiritual atoms and physical periodic elements differ fundamentally in their origin, composition, governing laws, and ultimate destiny.

Physical elements are derived from the earthly periodic chart, originating from a physical atomic explosion that produced cosmic light and cooled into gases, potash, calcium, and petroleum. These earthly elements form the outer, mortal body of humanity, which is considered the "negative" or anti-matter.

In contrast, spiritual atoms are composed of heavenly material that came into existence when God spoke and split a unique, spiritual alpha atom. These spiritual atoms make up the true inner man, the soul, and the theophany (Word body), as well as the bodies of Angels and the Pillar of Fire.

Atoms exist as light/energy in their spiritual form.

MY ANGEL SHALL GO BEFORE THEE, 53-0216

"But your whole body, **each little cell, little atom is a light. You're made up full of light.** They find out that the Bible's right, that you're made full of light..."

Structure and Perfection:

Because humanity bypassed its intended spoken-word creation and came through the biological sex birth, the physical atoms in our bodies are structured incorrectly. This flawed structural arrangement subjects our physical elements to disease, corruption, and the law of sin and death.

However, spiritual atoms are constructed perfectly according to God's original design. They house the "Zoe" life, which is the eternal, indestructible energy and divine gene of God.

Governing Laws

Physical elements are bound by the dimensions of light, matter, and time, and are subject to natural, physical laws such as gravity. Conversely, spiritual atoms operate under supernatural, subatomic, and quantum laws. Because they exist in a higher dimension, spiritual atoms are not restricted by physical boundaries; they can travel faster than the speed of light, pass straight through solid metals or walls, and move instantly like a thought without being subject to space and time.

Destiny and Entanglement

Physical elements are temporary; upon physical death, the earthly body dissolves back into its original gases, acids, and earthly dust. However, there is a law of quantum entanglement between the spiritual atoms of the soul and the specific, predestinated physical atoms of the earthly body.

While the physical body rots, the spiritual atoms remain intact and eternal. At the resurrection, the "quickenning power" within the spiritual soul will call those exact physical atoms back from the dust, changing their structural order to perfectly match the incorruptible heavenly body.

Spiritual atoms let a heavenly or glorified body pass right through solid walls because they follow supernatural and quantum laws, instead of the normal rules of gravity, space, and time. This works through a few main ideas:

Acting Like Both Particles and Waves:

In the subatomic world, atoms can act as either solid particles or as invisible waves. A heavenly body can be solid enough to touch, just like when Jesus let Thomas feel his hands, but a person can also use their thoughts to make their body act completely like a wave. (like sound can come through solid area)

Turning Into Pure Energy:

When "Zoe," which is God's eternal energy, is added to these atoms, or when thoughts speed them up past the speed of light, they lose all their physical weight and mass. The body turns into pure energy and no longer must follow the normal rules or boundaries of the physical world.

Waves Going Through Solid Objects:

When the body's atoms are acting as waves instead of solid particles, they can easily pass right through solid walls. It is just like how two ripples of water can cross through each other without messing each other up. Science showed a natural example of this in the early 1900s, when scientists found they could shoot subatomic radium particles straight through solid gold and metal plates, and they came out the other side completely untouched.

Because a heavenly body can shift its atoms into this wave-like, subatomic state, it can move right through physical barriers without any effort. We must transform our thinking to see creation exactly as God sees it.

The Creator stands distinct as the only soulless, uncreated, omniscient Spirit, while His Son stands as the masterpiece of creation the first living soul formed from the material of heaven.

We are partakers of that very same heavenly soul-material, predestinated before the foundation of the world to be conformed into the image of that Firstborn Son so that God might dwell with His family for all eternity.

Your outer physical body is constructed entirely from the elements on the periodic chart. When God laid out the blueprint for the earth, He used sixteen basic elements including calcium, potash, petroleum, and cosmic light to form the dust from which our physical tabernacles are made. These earthly atoms and molecules make up the outer man, including your physical brain cells and mortal flesh. Because this body came through the biological sex birth and the fall, its atoms are structured in a way that subjects it to time, decay, and the law of sin and death.

But glory to God, there is an unseen, eternal reality within you! Long before the natural universe was spoken into existence, God spoke, and a unique spiritual alpha atom was split, creating pure heavenly material. Your soul is composed of these spiritual atoms from that heavenly material. While the outer shell is bound to the earthly periodic chart, your soul is made of the exact same divine substance that forms the heavenly realm and the bodies of Angels. You are a heavenly being clothed in an earthly tabernacle!

Because your soul is constructed of this heavenly substance, you must recognize who holds the true authority in your life. The soul is the real you, containing the predestinated gene and the "Zoe" life of God Himself.

The physical body was never meant to dictate your actions or rule your life. The prophet gave us a beautiful, simple illustration to understand this relationship: You are the master of this body, and this physical flesh is merely your "donkey". Your soul is the true master, and this body is just the temporary vehicle the beast of burden ordained to carry you through this earthly journey. For too long, humanity has allowed the donkey to lead the master. We have let the five senses of the flesh dictate our reality, but God has given you a new birth to restore the proper order.

The soul is designed to be the control tower of your entire being; it operates as God's anointed king and master over the earthly body and the human spirit. When the eternal energy within your divine gene is quickened by the Word of God, it begins to exert a dynamic, supernatural force. It takes control of the mind, filters out the unbelief of the world, and commands the flesh to align perfectly with the will of God.

While all men have souls, not all souls are of the same quality or class. The Prophet plainly tells us that while all men have a soul, not all men possess the gene of God. There are distinct classes of beings on the earth the human class, the serpent seed class the highest and most glorious order of them all: The Zoe Class. When God looked down before the foundation of the world and declared in **Genesis 1:26**, "**Let us make man in our image, after our likeness**," He was not talking about the general human population or the biological flesh man. He was speaking of the Zoe man the God-man, the God-species, the super-race of souls! This is a special, elect class of people ordained to carry the very life and nature of God.

The Bride's names are written in the Lamb's section of the Book of Life is utterly unique because there is a part of the Zoe class that is not creation; they are a part of the Creator Himself! You come from the exact same material as God, possessing the eternal "Zoe" life, which is the predestinated gene of God. This distinction changes everything about your relationship with the Almighty. Because you possess this Zoe gene, God is not merely your Creator; He is your actual Father.

Every other class of people on the face of the earth is entirely a product of creation. The other classes of humans lack this divine gene, God is their Creator and their Lord by ownership, but He did not father them because they do not have a part of His life dwelling on the inside of them.

The elect, are the royal seed of Abraham, the direct sons and daughters of God. Because we belong to this heavenly super-race, it absolutely changes how we view ourselves and others on this earth. You cannot be a part of this super-race and hold onto the prejudices, biases, or racial divisions of this fallen world. If you choose to identify with an earthly race and its prejudices, you must forget about the super-race. The Holy Spirit within the Zoe soul will not allow a believer to live with racial bias without deep conviction, because we recognize that our true, eternal identity transcends our flesh we are the super-race of God!

What is the ultimate destiny of this Zoe class?

When God said in Genesis, "let them have dominion," He was speaking directly to this elect group. Dominion belongs only to those who were ordained to be the gods of the earth the Zoe class.

You were predestinated before the foundation of the world for adoption, placed securely in the Lamb's Book of Life to be conformed perfectly into the image of the Son. Only the Zoe class, the true sons and daughters of God, can truly bear the image of the Father. You are not a biological accident or a mere product of this earth; you are the elect, the Zoe class, carrying the indestructible gene of the Eternal God. You were destined for adoption, commissioned to have dominion, and ordained to perfectly reflect the image of your Father to all of creation! Walk today in the absolute authority, dignity, and virtue of your Zoe soul!

As we continue to open the great mysteries of the Book of Life, we must understand the different classes of beings that God has ordained upon this earth.

While we have rejoiced over the elect Zoe class, we must recognize that between the royal seeds of God and the serpent seed, there exists a distinct human class. These souls lack the predestinated gene of God, meaning they do not possess the eternal Zoe life. However, this class is not reprobate; it includes the foolish virgins who have a measure of faith, as well as those who are good to the Bride, those who love Israel, and those who perform selfless service to mankind, such as good doctors.

Since they lack the Zoe gene, their names are not in the Lamb's section of the Book of Life, and they will not take part in the first resurrection. Instead, they are ordained for the second resurrection and are gathered safely under the Bride's altar in the sixth dimension, granted life based on their kind attitude and loving service toward God's people.

The serpent seed class represents hybrid, reprobate souls that have absolutely no redemption. Because God does not create hybrids, these souls were never in the original thoughts of God and are not written in the Book of Life to be redeemed. Stemming from the Cain line the unholy mingling in the Garden of Eden this serpent seed class is manifested through three distinct elements:

- First is the criminal element, who commit violence and wickedness simply for the pleasure of it, untouched by any remedial punishment.
- Second is the religious element, encompassing the denominational systems and false religions that persecute the true Word and the true believers.
- Third is the twin element, which represents those who sit right alongside the believers under the anointing of the hour, but whose true nature is to fight the Bride and create discrepancy within the Message.

Finally, we must comprehend that possessing great intelligence or spiritual power does not mean an entity possesses a soul. Angels, for instance, do not have souls. If an Angel possessed a soul, it would make them a tri-part being, which would classify them as human. They have an immense capacity for knowledge, wisdom, and free moral agency in the heavenly realm, but they remain spirit beings without a soul.

Similarly, we look back to the serpent in the Garden of Eden. The serpent was a highly advanced, prehistoric beast that stood right next to man in the chain of creation. He was so subtle, crafty, and intelligent that he almost had a soul. The serpent had the capacity and the exact place for a soul, allowing him to reason and hold knowledge just like the Angels, but ultimately, he lacked one, because possessing a full soul would have classified him as a human man. Tragically, instead of using his advanced capacity as a servant to protect the virgin Bride, he sold out and yielded himself to Satan, introducing a hybrid fall to humanity.

Let's examine the invisible architecture of your true eternal self the internal makeup of the soul.

We spend so much of our time trying to fix and cater to the outer flesh, but to truly understand our eternal destiny, we must comprehend the complex mysteries of the subconscious realm and the divine attributes that God has placed within the elect.

Let us first examine the reality of your subconscious realm. We are accustomed to thinking that our identity is tied to our physical brain, but the truth is that when you die, all the knowledge from your physical brain and your conscious spirit is no longer with you. The outer, mortal conscience which relies on what you can see, taste, feel, smell, and hear is subject to death and will pass away. However, there is an inside person that cannot die. The soul is deeply connected to your subconscious mind, and your subconscious mind is where your real faith, your true knowledge, and your actual personhood reside. When the physical tabernacle dissolves and the brain cells die, the soul does not lose its identity. Instead, when your soul moves into its heavenly theophany body, it takes with it the subconscious mind, carrying the faith, the knowledge, and the deeply ingrained habits of life that make up your true character.

We see clear evidence of this retaining of spiritual identity throughout the Scriptures. Think of Moses and Elijah standing on Mount Transfiguration, talking with Jesus; they had no physical brain cells, no blood, and no fleshly organs, yet they had perfect intelligence, memory, and understanding. Think of the martyred souls crying out from under the altar in the Fifth Seal; they remembered what had been done to them and retained their full identity, even though they had no physical brains or hearts.

Your true identity is completely spiritual, locked into a subconscious memory and character that outlives the death of your physical biology. This is why the building of your character on earth is so vital. The building of the "new man" happens when the thoughts and promises of God drop from your conscious mind down into your heart, becoming so deeply rooted in the subconscious that you act upon them purely by habit.

Your subconscious mind is the real you, and God is orchestrating a glorious plan where your new, immortal body will ultimately materialize exactly around the Word and the character that is stored within that inner subconscious life.

What exactly is housed within the Zoe soul of a born-again child of God?

Since you are a part of the Creator Himself, your soul is connected to the subconscious attributes of God, such as Agape, Shalom, and divine goodness. These are not mere human emotions; they are the eternal traits of the Almighty. Before the foundation of the world, God gathered all His magnificent traits and prioritized them into one great nature of perfect love, which is Agape. When you possess the Zoe soul, that same Agape love is anchored in your subconscious. It houses His Shalom His absolute peace which allows you to look past the fears and anxieties of this mortal life. It carries His divine goodness, not a religious goodness designed to win the approval of men, but a pure, divine goodness that loves the things God loves and lives entirely for the benefit of others.

You are not your physical brain, and you are not the sum of your earthly senses. You are a glorious Zoe soul, operating from a subconscious control tower that houses the eternal Agape, Shalom, and goodness of your Father.

As you continually feed on the Word of God, allow it to saturate your subconscious mind, forging an immortal character that will bypass the grave and step brilliantly into eternity!

We spend so much time catering to the outer flesh, but God wants us to recognize the absolute power and authority of the inner man.

Today, we are looking at the soul not just as a vessel, but as an active, dynamic force a spiritual filter, an alarm, a judge, and the ultimate control tower of your entire being.

In this evil age, our conscious minds are constantly bombarded by the fourth dimension the realm of media, science, and the deceiving influence of the enemy.

But for the elect, God has installed an impenetrable, divine defence system.

The soul acts as an internal filter against unbelief.

152-3 SMYRNAEAN.CHURCH.AGE - CHURCH.AGE.BOOK, CPT.4

A son of God can go a long time before he recognizes that he is a son.

The prophet tells us that the soul is equipped with a filter because it possesses a "holy man taste," designed to reject the corruption of the world. While doubts and stray thoughts from the enemy might attempt to enter your mind, they cannot penetrate down into the soul, because your Zoe soul operates on a heavenly frequency that absolutely seals you away from unbelief. This divine filter actively protects the believer from missing the mark, sealing the soul against the misplacing, dislocating, and misinterpreting of God's Word. But it doesn't stop at being a filter.

Your soul contains the very gene of God; it is equipped with divine intelligence. It functions as a judge, giving you the inward ability to discern between that which is of God and that which is not. You do not always need an external teacher to figure out every deception because you have an inside teacher measuring every spirit!

Furthermore, the soul operates as a spiritual alarm system. When a false teaching, a wrong spirit, or an off-Word influence comes your way, that internal alarm instantly goes off. You might not be able to articulate it theologically right away, but something deep inside alerts you, saying, "I just feel that's not right. I just can't receive that". That is your God-given soul protecting your eternal destination!

What happens when the soul has judged the Word, accepted the truth, and sounded the alarm against evil?

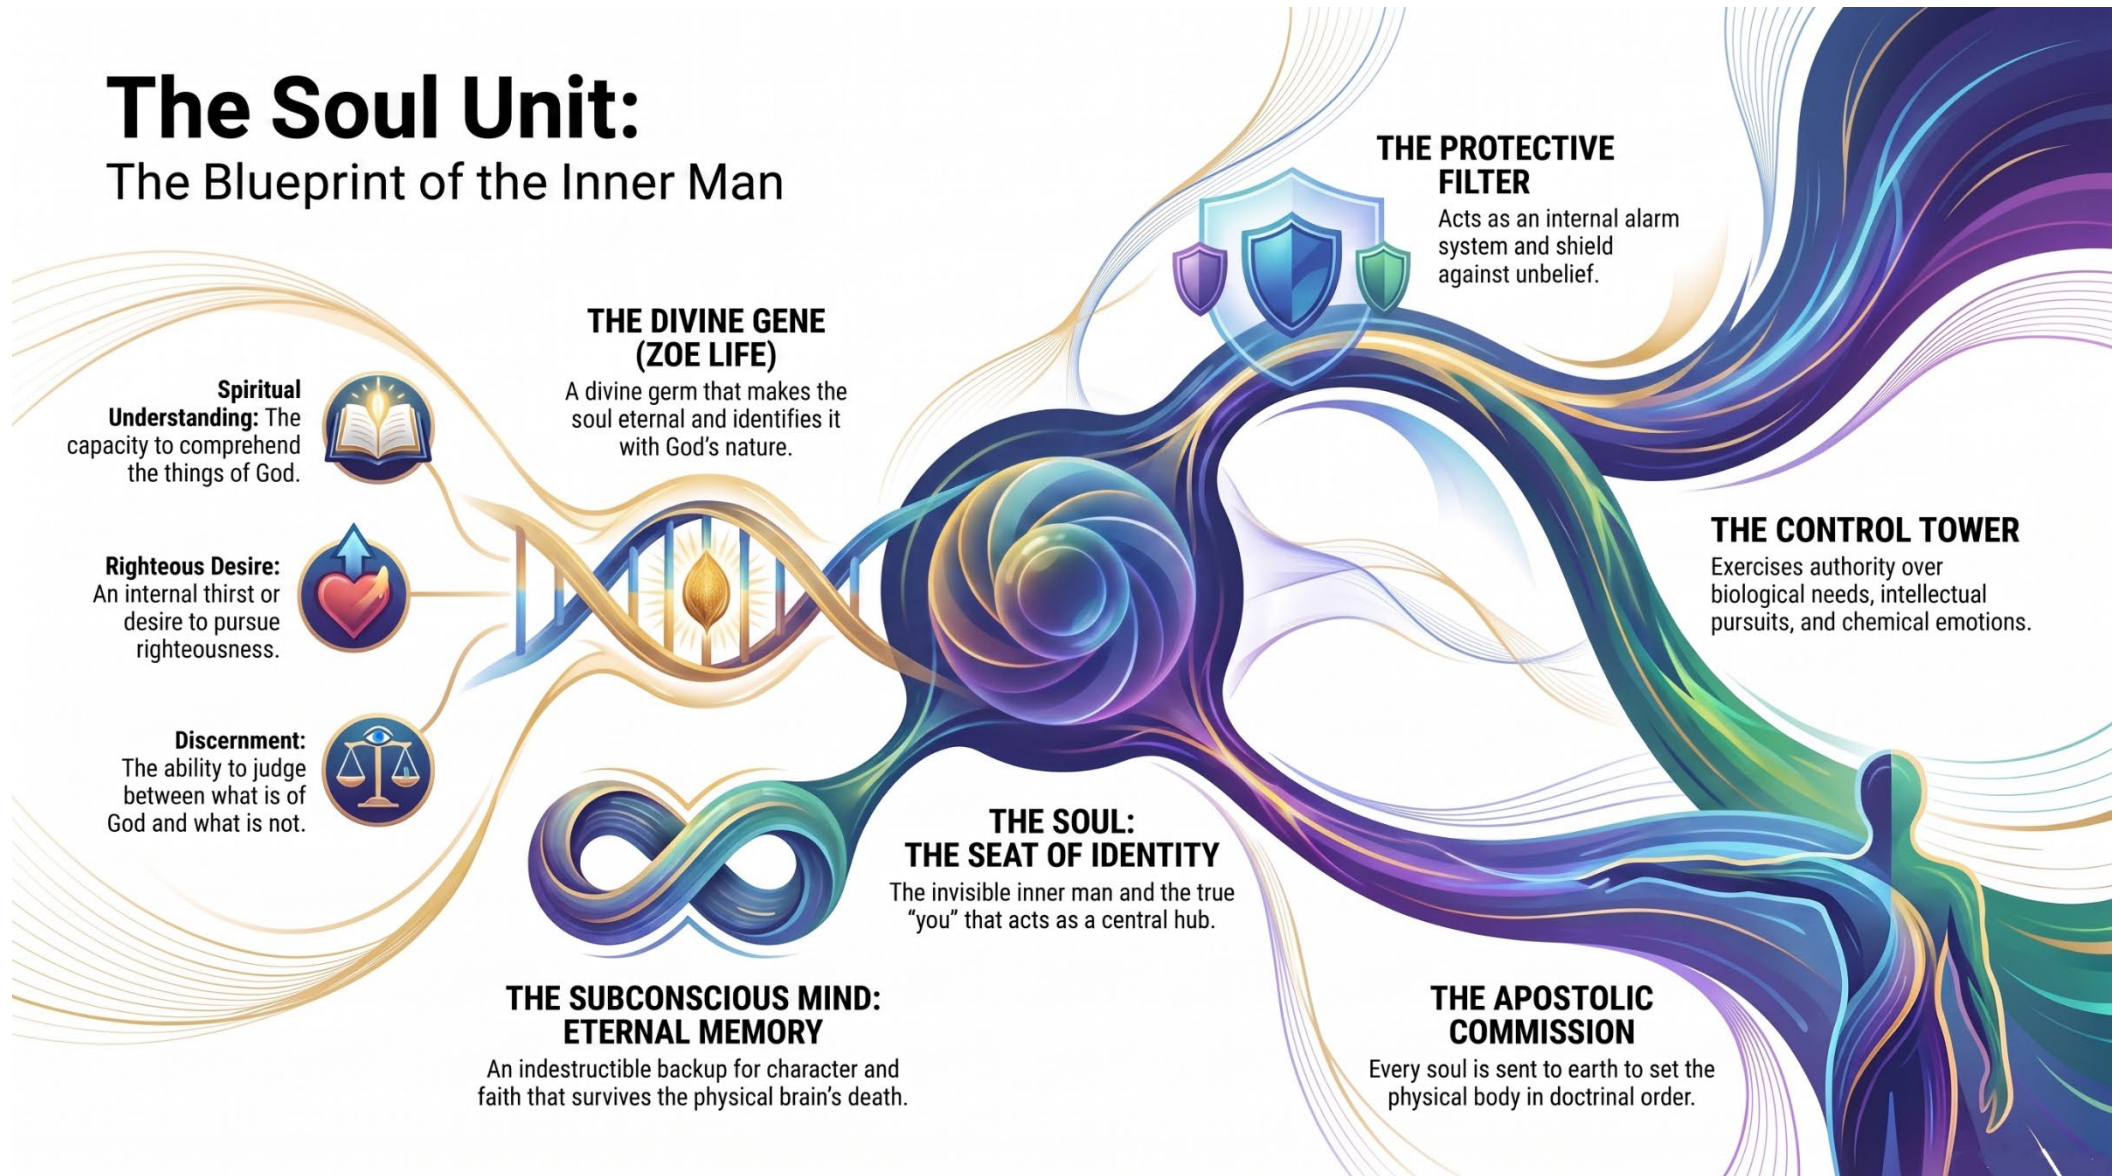

It must put that righteous judgment into action. The prophet plainly states that the soul is the "control tower" that governs the whole man it controls both the physical body and the human spirit. It is not meant to be a passive passenger on your earthly journey; it has the divine ability to rule and maintain absolute headship over your entire being. Operating as God's anointed king, the soul serves as the undisputed master over the earthly tabernacle. The physical body is merely the vehicle, but the soul has been sent to the earth with an apostolic commission it is "one sent" on a mission to set your earthly body in order.

Where do the instructions come from to make your flesh obey?

They come directly from the soul. When the energy and the Zoe life of God quicken that soul, it takes complete control, forcing your biological body, your mind, and your human spirit to align perfectly with the Word and the will of God. You are not at the mercy of your fleshly desires, and you are not defenceless against the deceptions of this age.

The Soul Unit:

The Blueprint of the Inner Man

To understand our true origin and destiny, we must first absolutely reject the false teachings of the world, such as the Eastern doctrine of the transmigration of souls, commonly known as reincarnation. That false concept teaches that a soul migrates from body to body based on the good or bad deeds of a past life, eliminating the need for a Saviour and His grace. The Message also explicitly denies the Mormon doctrine of an active pre-existence. The Mormon teaching falsely claims that we lived as conscious spirit children in heaven, developing our identity and making active decisions in a heavenly council before coming to earth. The Prophet completely kills this idea, showing that we were not actively existing or making choices in heaven, but we were simply a predestinated seed, an eternal thought of God.

The journey of the Zoe soul before it ever entered this earthly tabernacle, for the elect.

Instead of an active pre-existence, your elect soul was placed in a theophany, which is a Word body, but it laid there in a completely dormant and unconscious state. While we were in that theophany, we bypassed the quickening of the gene within our soul, meaning we bypassed our quickened Word birth. This dormant, unconscious state of the soul is exactly what the Prophet meant when he defined "bypassing our theophany".

We were in the theophany, but because we bypassed the quickening Spirit, we possessed no memory, no character, and no conscious identity of ourselves. Because our souls bypassed that conscious state in the theophany and we came to this earth through the biological sex birth, we arrived here completely disconnected from our true identity. We came into this earthly existence suffering from a terrible spiritual disease known as "spiritual amnesia". Our minds were entirely blackened to what we were in our theophany (as we saw in the quote from [Israel and the Church](#)). We had no memory of our heavenly origin, we did not know who our true Father was, and we had no realization that we were the sons and daughters of God.

There is only one man who ever walked this earth without suffering from spiritual amnesia, and that was Jesus Christ. Jesus did not bypass his theophany; his soul was already quickened and conscious in his Word body, so when he came to earth in flesh, he already knew his origin, his identity, and his Father's business.

The rest of us, had to wait for our souls to be quickened after our sex birth. We also had to wait for the Word of our day, the Message of the hour, to come and strike that dormant gene. When you are born again by the Word, it begins to heal your spiritual amnesia, removing the blackened state of your mind and bringing back to your memory your true, eternal Word identity. The new birth cures your amnesia, revealing that you did not originate from the earthly dust, but you are an eternal attribute of God destined to return to your heavenly body as a fully awakened, manifested son or daughter of the Living God!

The "Word body" or theophany is the spiritual, heavenly housing for the soul often described as your positive, "ought-to-be condition" or spirit man. Before physical manifestation, the entire species of the elect (the Zoe class) was brought forth and placed into these theophanic bodies in the spiritual realm. However, while housed in this theophany, your soul laid in a completely dormant and unconscious state. Because the soul had not yet been visited and quickened by the Spirit of God, it functioned like a seed resting in the ground out of season, possessing potential life but no active consciousness. In this dormant theophanic state, the soul possessed no active memory, no formed character, and no realization of its identity.

The definition of the word *bypass* for us means that you were a thought, and then when God said, "Let us make man," you were a theophany, you see, "and let them," you see? All theophanies, existed already when He brought forth Adam, that whole species of the Zoe class was already brought forth, but they were not manifested. Bypass means that your soul was in the theophany with the gene, but not quickened. It was not quickened. It was what we call dormant. So, this is "bypass" for us. This unconscious, unquickened existence is exactly what it means to "bypass the theophany".

Instead of awakening to a conscious Word birth in the heavenly realm, your soul bypassed that quickened spiritual state and was sent to earth to be born through the biological sex birth. As a result, you arrived on earth suffering from "spiritual amnesia," with a mind entirely blackened to your true heavenly origin, identity, and relationship with your Father.

God intentionally designed this dormant bypass for a glorious purpose. If a seed is not quickened, what state is it in? Dormant. That's the word the Prophet used. A seed can remain dormant but has the potential life in it because the condition, time, and season has not come for it.

If your soul had been fully quickened and conscious in the theophany before coming to earth, you would have known all things regarding your identity and would not have been susceptible to the testings of the flesh, meaning God could never have revealed His great plan of redemption. By allowing your soul to lay dormant and come through fallen flesh to be tested by sin, it provided the perfect opportunity for God to express His manifold attributes as a Saviour, a Redeemer, and a Healer.

Your earthly journey is meant to awaken you. When you receive the Word for your day, the dormant gene within your soul is quickened, healing your spiritual amnesia and restoring the knowledge of your true identity.

By the "Law of Return," when your earthly tabernacle dissolves at physical death, your newly quickened, living soul will return to that exact waiting theophany body only this time, it will no longer be dormant, but fully alive and conscious.

Consider the journey and location of Jesus' soul and theophany span across multiple dimensions from his origin in God's thoughts to his final glorified state. Let's detail where his soul and theophany were located throughout his journey:

1. The Eighth and Seventh Dimensions (Pre-existence): Jesus began as a thought in the mind of God in the eighth dimension, which is Absolute Eternity. God then brought forth a theophany (Word body) for the Son, forming his soul, mind, and theophanic body out of heavenly material. Unlike the angels and the rest of the elect who were placed in the sixth dimension, Jesus' soul and theophany dwelt exclusively in the seventh dimension. His theophany was uniquely designed to dwell in the exact same light as God, allowing him to live directly in the presence of the Father and fellowship with Him before any other creation existed.
2. The Earthly Dimensions (Incarnation): From his theophanic state in the seventh dimension, Jesus transitioned into human flesh, entering the earthly dimensions of light, matter, and time. Since his soul was already fully quickened, conscious, and active in his theophany, he did not "bypass" it the way the rest of humanity did. Thus, he arrived on earth fully knowing his identity, his heavenly origin, and his Father's business, completely free from "spiritual amnesia".

3. The Fifth Dimension (At Death): When Jesus was crucified and his physical body was laid in the tomb, his soul went back into his theophanic body. Clothed in this theophany, he descended into the fifth dimension. While there, he preached to the souls in prison (the regions of the lost) and emptied out Paradise (the region of the saved/Abraham's bosom), taking the Old Testament saints with him.
4. Return to the Seventh Dimension (Resurrection and Ascension): After his work in the fifth dimension, Jesus returned to the earth and took on a glorified body, merging his theophany with his resurrected physical form.
5. Finally, he ascended back into the seventh dimension, returning to the very presence of God in his complete, glorified, and incarnate state.

Now let's trace the magnificent journey of the elect Zoe soul today, we must understand the divine mechanics of our earthly existence. When God sent your soul to this earth, He did not leave you disconnected from your heavenly origin. Instead, **your journey on this earth operates through a perfect, interconnected relationship known as an equilateral triangle.** Just as an equilateral triangle has equal, inseparable angles, there are three divine elements actively at work in your life:

- **the first part is your soul with its predestinated gene;**
- **the second part is the Message of the hour for your day;**
- **and the third part is your waiting theophany, or Word body.**

You cannot separate these three elements; when you refer to one, you are intimately referring to all of them.

If your soul is hearing and receiving the Message of your day, it is absolute proof that you have a theophany waiting for you in the heavenly realm. The prophet taught that when you recognize the Message as eagle's food, you are hearing from your theophany. The Message brings the quickening power and light down to your soul, and as it does, it begins to heal your spiritual amnesia and restore your true Word identity.

Your entire earthly journey is designed for this very purpose for the Message to strike your predestinated gene and bring you back into contact with the eternal identity stored in your waiting theophany.

The Equilateral Triangle of Divine Identity

What happens when this earthly journey comes to an end?

This brings us to a great, immutable principle of God:

The Law of Return: Jesus Christ Himself taught this law when he declared, "I come from God, I go back to God". You see, it is a fundamental law of both nature and spirit that **you must have come from somewhere in order to go back there**. Just as a salmon is spawned in a specific river stream and possesses an inward, driving desire to return to that exact stream at the end of its life, the elect soul is bound by this law to return to its heavenly home. Because your soul originally came from that theophany in the sixth dimension, the Law of Return dictates that you must go back to it.

However, there is a glorious difference! When your soul first left that theophanic body to come to this earth through the sex birth, it was completely dormant, possessing no active consciousness or memory.

But during your earthly journey, the Holy Spirit came through the Message of the age, struck that dormant gene, and transformed you into a fully quickened, living soul.

Therefore, when your earthly tabernacle dissolves and your physical body drops in death, your newly quickened soul leaves this flesh and returns exactly to where it came from it steps right into your waiting angelic theophany body. You are gathered safely under the altar with the messenger of your age, but you do not go back dormant; you go back fully alive, conscious, and quickened, waiting in that glorious immortal body for the day of the physical resurrection.

You are locked into a divine equilateral triangle, where the Message of the hour is actively uniting your earthly soul with your heavenly theophany. By the infallible Law of Return, physical death is not an end or a tragedy; it is simply the gateway for your quickened soul to step right back into that glorious Word body, perfectly prepared to take part in the resurrection and reign with Christ!
